

2026 Flexible Spending Accounts

We are pleased to announce that Lifetime Benefit Solutions remains our flexible spending account (FSA) provider for 2026. More information including enrollment and claim forms can be found on the Employee Benefits web page.

A new enrollment form must be completed for each year.

The following information is included for your review:

- The IRS maximum annual contribution for healthcare and limited-purpose FSA has increased to \$3,400. The maximum carryover of unused health FSA has risen to \$680.
- The dependent care FSA maximum annual contribution has risen to \$7,500. Unused balances from dependent care accounts do not carry-over into the next plan year.

- Save money pre-tax
- Plan ahead for dependent care or unexpected health care expenses
- Maximize your benefits with easy-to-use resources

Enroll in an FSA today

An FSA is a special account you can use to put money aside pre-tax for certain out-of-pocket health care or dependent care costs. It's a smart and simple way to prepare for unexpected expenses and increase your spendable income.

An FSA saves you even more money by reducing your taxable income. With an FSA, your contributions are taken out before taxes, then taxes are calculated on the lower amount that remains.

Types of FSAs

Medical

As health care costs continue to rise, you can stay ahead by using this account to pay for qualified medical expenses not reimbursed by insurance. This includes everyday out-of-pocket expenses such as copays, coinsurance, prescription drugs, orthodontics, vision expenses, hearing aids, dental services, eligible over-the-counter (OTC) items and more.

Dependent Care (\$5,000 maximum)

Have kids in day care or other family members who depend on you? Plan ahead for ongoing expenses for dependent children and adults.

Limited Purpose

This FSA type focuses on helping you cover dental and vision expenses for you and your family. It can be used together with a Health Savings Account – another type of tax-advantaged benefit plan.

Estimate your expenses

You can maximize your FSA account using this helpful planning tool. You may also use the FSA calculator on our website at lifetimebenefitsolutions.com/fsa-calculator. Some common items to consider are listed in the chart below:

Medical FSA Account	Annual Expense

Plan ahead for your FSA!

Planning ahead is important when signing up for your company's FSA plans. Understanding the benefits offered is critical.

Read your Summary Plan Description (SPD) carefully to understand the specific terms of your plan. The plan document and SPD govern your rights and benefits under each plan and are available through your employer.

Filing a claim

Submit your claims online to receive the fastest reimbursement for an eligible out-of-pocket expense. Supporting receipts and documentation can be scanned and attached to your online claim, or you can email, fax or mail the required paperwork. Another option is to download a paper reimbursement request form. Complete the form by itemizing your expenses and following the instructions found directly on the form. Reimbursement request forms and required documentation can either be mailed or faxed for processing.

Claims deadlines apply. Be sure to carefully read your Summary Plan Description to understand the terms and deadlines associated with your plan.

Customer service

Most of your questions can be answered by visiting the website.

You can also call 1-800-327-7130 and utilize our automated interactive voice response system to check your balance, the status of a claim or contributions when it's most convenient for you. Or, if you prefer to speak with a customer service representative, you can call that same number Monday – Thursday from 8 a.m. to 5 p.m. ET and Friday from 9 a.m. to 5 p.m. ET. You can also email our Customer Service department at Ibs.customerservice@lifetimebenefitsolutions.com.

The Spending Card

The Spending Card is a convenient payment method. You simply swipe the card without incurring an out-of-pocket expense! Behind the scenes, the provider is paid and the amount is deducted from your account balance. You don't have to file a claim form for reimbursement – the payment function is fully automated.

Cashless but not paperless

Each time you use your Spending Card, you must be able to prove you used it to pay for a plan-eligible item or service. Fortunately, technology behind the Spending Card can verify the majority of your transactions automatically when you use the card. You may receive a letter asking you to send in copies of your receipt and necessary documentation for those transactions that can't be verified automatically.

Paying for services with the card

Paying a doctor's office copay is an example of paying for services with the card. However, in some cases, services provided at a medical, dental or vision office cannot be auto-substantiated. In these cases, you will receive an RFI letter asking for copies of your receipt and necessary documentation.

Important Spending Card tips:

- Keep all receipts associated with your Spending Card in a central location, and promptly reply when asked for a copy.
- The IRS states that services are eligible for reimbursement after the services have been rendered. Prepaying for a service is not allowed.
- The Spending Card will be mailed directly to your home address. Read all information enclosed with the card and sign the card to agree to the terms.
- If a merchant will not accept the card, just pay out of pocket and submit for reimbursement.

Remember – the Spending Card is cashless, but not always paperless! Be prepared to submit copies of your receipts and other documentation when requested.

Eligibility rules for OTC items may change. The ability to pay for eligible items with the Spending Card may vary by merchant and is dependent on the merchant's IIAS system.

This is not a comprehensive list and is subject to change at any time and without notice. Items listed in each category may be reclassified into another category depending on future IRS guidance.

Reimbursement for any items contained on this list are also subject to the terms and conditions of your employer plan.

Flexible Spending Account (FSA) enrollment form

Direct deposit:

Direct Deposit sends claim reimbursement payments directly to your personal bank account. Direct Deposit notification statements will be emailed to you with details of the reimbursement. If you provide incorrect information and corrective transactions are required, your account may be charged a \$25 processing fee. Direct Deposit transactions are not subject to the typically imposed \$30 check minimum.

Things to consider upon enrollment:

- Your FSA account refers to the combined medical care and dependent care components.
- By enrolling in the FSA program, you agree to have your compensation reduced by the amount elected.
- Your election applies to this Plan year only. To continue in the Plan, you must re-enroll each year.
- Annual medical care elections are available for reimbursement in full on the first day of the Plan year.
- Dependent care elections are available for reimbursement based on current balance.
- FSA accounts are tracked separately and cannot be combined. These elections are in addition to any premiums you pay on a pre-tax basis for employer-sponsored health insurance.
- The dependent care account pays for daycare services needed for a qualifying dependent while you work. A
 qualifying dependent is a child under age 13 who is claimed as a dependent on your federal income tax return
 (special rules apply for divorced parents), a disabled spouse, and any other dependent on your tax return who
 resides in your home and is physically or mentally disabled.
- You may file claims for reimbursement from your FSA account for qualified expenses incurred during the Plan year,
 after becoming a participant. Depending on the provisions in your Plan, some or all of the funds remaining in your FSA
 account after the end of the Plan's run-out period may be forfeited.
- You will pay the Employer for any tax liability or penalties it incurs if you are reimbursed for an expense that is not a
 qualified expense, unless you repay the amount or offset that amount with additional eligible claims within the same
 Plan year.
- You cannot change the amount of your FSA contributions or pre-tax health insurance premiums, unless you have a
 qualifying "life change" event as defined in the Plan, and satisfy any other conditions for changes contained in the
 Plan and tax law.
- Your FSA contributions will terminate when your employment terminates. You must check with your Employer to determine if you can elect to continue your health care contributions on an after-tax basis, as allowed under COBRA.
- Your employer may change the amount of your FSA elections, if necessary to satisfy tax law requirements.
- You must provide acceptable documentation for every claim you submit, including Health Spending Card purchases, upon request.
- You will keep copies of all documents submitted to Lifetime Benefit Solutions for your own personal records; Lifetime Benefit Solutions is not responsible for retaining copies of your receipts beyond the current Plan year.
- Flexible Spending Accounts and Health Reimbursement Accounts are subject to Federal Law which generally supersedes state law.
- Only spouses and dependents for Federal Tax purposes are eligible for tax-free Flexible Spending Accounts and Health Reimbursement Accounts benefits.
- Any person who qualifies as your dependent for federal income tax purposes, or your child even if he or she does not
 qualify as your dependent for federal income tax purposes but only through the end of the calendar year in which
 the child reaches age 26.

Reimbursement request instructions

For all account types (FSA, HRA, Parking/Transit, RRA, Insurance Premium)

- For faster reimbursement processing, you may be able to submit your claims online at LifetimeBenefitSolutions.com.
- Complete the top section, including Social Security Number or Employee ID.
- Submit one expense (either a product or service) per row, even if items are contained on the same receipt.
- Label the receipts to correspond to the Claim Reference Number.
- If you have more items than the form can accept, use additional forms.
- Do not "lump" or group items together or write See Attached.
- All claims are subject to deadlines, as defined in your Summary Plan Description (SPD).

- The expenses you submit must qualify as valid expenses under the terms of the Plan, and the claimant receiving the services must be a qualifying individual as defined in the Plan.
- Retain a copy of the Reimbursement Request Form and receipts for your own personal records.
- Call Lifetime Benefit Solutions Customer Service with questions at (800) 327-7130 during standard weekday business hours.
- Mail OR fax (but not both!) completed form with required documentation to:

Lifetime Benefit Solutions Claims Dept.

PO Box 211126 Eagan, MN 55121 Fax# (877) 256-7228

Reporting medical mileage

- Medical mileage rates are set by the IRS and can be applied to transportation primarily for, and essential to, medical care.
- Indicate the total number of miles incurred with each service provided (i.e. round trip miles to visit the doctor).
- Lifetime Benefit Solutions will apply the current mileage rate and include the mileage amount in your total reimbursement.
- You may be required to produce additional documentation for each mileage expense you claim.

Medical claims for FSA, HRA and RRA

- For each medical claim covered by your insurance carrier, submit an Explanation of Benefits (EOB). If your claims are not submitted to your insurance carrier, provide an itemized bill showing: date of service, provider name, patient name, charged amount, and description of services rendered.
- Do not send credit card receipts, original receipts, or cancelled checks.
- Use Plan Code M to report medical mileage associated with a Debit card transaction.
 For example, if you drove 20 miles to a doctor's appointment, and paid your copayment amount with the Debit card, you should use Plan Code M to be reimbursed for the 20 miles you drove. You should still complete the full line of information, but you will only be reimbursed for the mileage, not the copayment amount.

Dependent care claims

Please use the separate form titled Dependent Care Account Reimbursement Request Form.

Parking/transit claims

• The only type of parking that is eligible for tax-free reimbursement is qualified parking on (or near) the employer's facility, or on (or near) a location from which the employee commutes to work by public transportation. If the parking is on (or near) the employee's residence, it is not eligible for tax-free reimbursement.

Individual insurance premium

The bill from the insurance carrier must identify participant, premium amount, coverage period, and policy number.
